Phlebotomy Technician Student Requirements

Students enrolling in the Phlebotomy Technician Program must complete the following requirements before the first day of class.

1. Multi-state criminal background check through Premier BioTech Criminal Background Services. Background checks take up to five days and cannot be expediated. Cost is $43.01 payable online. The background screen will be delivered to TCL's Program Manager's secure portal.
    Weblink: Premier BioTech Criminal Background Screen for TCL Healthcare Programs.

2. To be submitted to TCL:

    a. Copy of your current State ID.

    b. Proof of American Heart Association CPR/BLS certification

    c. A completed TCL Student Health Form.

    d. Immunization history:

        i.   Proof of MMR 2-shot series of Blood Titer Level *

        ii. Proof of Varicella 2-shot series or Blood Titer Level *

        iii. Blood Titer Level for Hepatitis B

        iv. Proof of current TDaP

        v.   Urinary Drug Screen (UDS) – 10 panel. UDS results over 45 days are not acceptable. UDS is available through Premier BioTech Urinary Drug Screening. The cost is $58.00 payable online. Weblink: Premier BioTech Urinary Drug Screening for TCL Healthcare Programs.

* All Blood Titer levels must show "Consistent with Immunity." If titer results are not "Consistent with Immunity" vaccinations are required to continue in the program.

3. Phlebotomy students must attend class in uniform. Uniform requirements:

    a. Caribbean Blue scrubs.

    b. White or black crewneck t-shirt.

    c. Black clinical shoes. Shoes should have full foot coverage and be made of hard or soft leather or vinyl. No mesh or fabric shoes.

d.   Caribbean Blue or Black warm-up lab jacket with elastic ribbed cuffs. Jacket should zip or snap to the collar bone and should not have lapels.

e.   TCL student ID. TCL ID badge will be created after official registration.
